

SCENES OF CHARLESTOWN 2015 CALENDAR

Stocking the Pickering Creek - Every spring the Pennsylvania Fish and Boat Commission stocks qualifying fish throughout the commonwealth. In 2014, the Pickering Creek was stocked with adult brown and brook trout at two locations on dates ranging from February 19 to April 23, the date of the stocking shown here. Robert DeWilde's photos depict the process along the Pickering between Charlestown Road and Rt 29. In this case, the fish came from the state's Huntsdale Hatchery near Carlisle, PA. Due to the distance from the hatchery to this point on the Pickering, the process was on a tight schedule to minimize the time the fish were on the truck and not in a stream. See <http://fishandboat.com/stock.htm> for more information.
