Figures

All images in Harman Rees’s *Historical Sketches of Charlestown Township* with no “Figure” number are images that were included by Harman Rees in his original manuscript, though not necessarily in the same location as in the manuscript.

All images in this volume that are identified by “Figure” number and listed below have been included by the Charlestown Historical Society. These images appear at the end of some of Harman Rees’s chapters, and the rest are in the special *Scenes of Charlestown* section immediately following the manuscript.

There are many images in the 38 articles in the *Additional Sketches* section. These are not numbered, but are captioned and in some cases specific credit is given for the source. Most of the images in this section were contributed by the authors of the sketches, by Jean Lacy, or were already in the archives of the Charlestown Historical Society.
